Ref: Mid-Year Report (1/1/2005 - 6/30/2005)

This letter is in response to your letter dated April 14, 2006.

The expenditure to MPrinting Graphics and Advertising disclosed as "Bulk Printing" is properly reported on Schedule B, Line 21(b) due to the fact that the communication identified a Federal candidate, but did not expressly advocate election or defeat of this candidate. There was no election pending.

In reference to the limited payments for administrative expenses, the PAC is minimally active with few expenses that exceed the \$200 itemized reportable level. The PAC pays rent that includes the use of phone service, utilities and computer access. These types of expenses are not listed individually as they are included in the lump sum payment for rent expense reported on Schedule B. All other operating expenditures meeting the \$200 itemized reporting requirement are properly reported on Schedule B, Line 21(b). There have been no goods or services provided to the committee requiring disclosure.

In regards to the election designation for the independent expenditures listed on Schedule E, these expenditures were for a special election held in June of 2005. My software programmer has been in contact with the FEC electronic filing division and it has been determined that our software is producing the file correctly. Mr. Ken Lally is currently trying to determine where the problem lies. Upon resolution an amended report will be filed as necessary.

The memo entries totaling \$2,118.34 disclosed on Line 21(b) were listed erroneously due to a computer error and will be eliminated on the amended report.

Sincerely,
Lori Pyeatt
